About me

- In the year 2010 I started studying Civil Engineering at Gdańsk University of Technology.
- During the summer break of 2012 and 2013 I worked as a site engineer assistant in the *PBR S.A.* firm.
- In the 2014 I worked in Czech Republic for *GEBAS atelier architect s.r.o.* in terms of Erasmus Work Placement program for students.
- In the fall of 2015 I graduated with MSc in Civil Engineering degree.
- At the beginning of 2016 I worked shortly for industrial design-and-build company *Agrosec Sp. z o.o.*
- I left that job with intention to transition from construction industry.
- Over the next few months I explored some of my interests and eventually focused on web-development.

Skills and projects

- My skillset comprises of HTML, CSS, SASS, JS, AJAX, PHP and SQL.
- The exact extent of my skills is best visible through projects (<http://testserver.pl>); most complex of them is called *Exploder* - an SPA for creating short animations of elements under influence of acting forces with options to save the data to the database.

Expectations

- I anticipate further learning of all that will be needed.
- I expect to start from an entry level in terms of both tasks and a salary.

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended.
